

ACCEPT THE CHALLENGE

2018 WISCONSIN PRESCRIBED FIRE

TRAINING EXCHANGE

APRIL 9-APRIL 25, 2018

The Objective of the 16 day TREX program in Wisconsin is to facilitate peer-to-peer, experiential learning for prescribed fire professionals and others interested in advancing their knowledge and tool-set in restoring fire-adapted landscapes.

Participants will engage in a unique program blending maximum field prescribed burning experience with a flexible curriculum of classroom instruction on foundational topics for prescribed fire practitioners. Participants will have the opportunity to complete portions of their National Wildfire Coordinating Group (NWCG) approved prescribed fire task books.

Contact Eric Mark, emark@tnc.org, for questions or for application.
