And that's a wrap. LF 2023 Release is now complete.

AK / HI / IA	Fuel Characteristic Classification System (FCCS)	November 26 ✓

We are always working to streamline and reduce confusion with LANDFIRE products. To begin these changes, some products that were redundant (or did not actually contain any new data) have been removed. This includes: LF 2022 AK, HI, PRVI EVT and LF 2020 CONUS BPS.
