

Conservation in the Fastest Growing Country - China

ZHU LE

Director, China Freshwater

China Freshwater Project

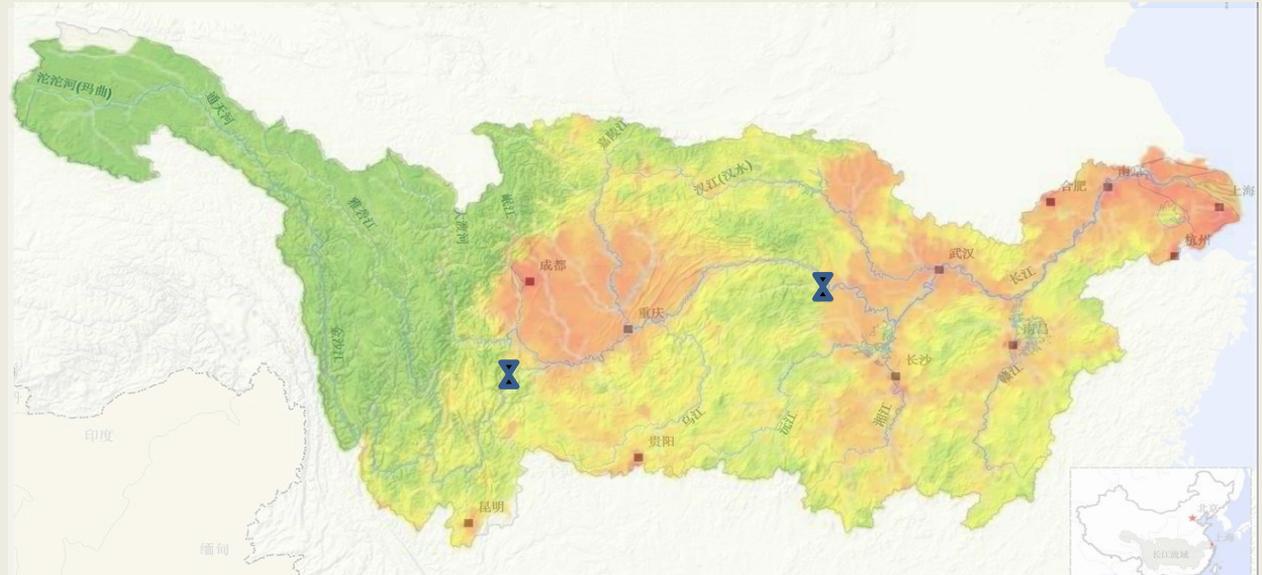

A difficult journey and a learning process...started from Yangtze

Challenges of Yangtze River Basin

3rd longest river faces different challenges

- 6300 km
- 1/5 Area
- 1/3 population
- 1/3 GDP, 15% ↑
- 1200 GW

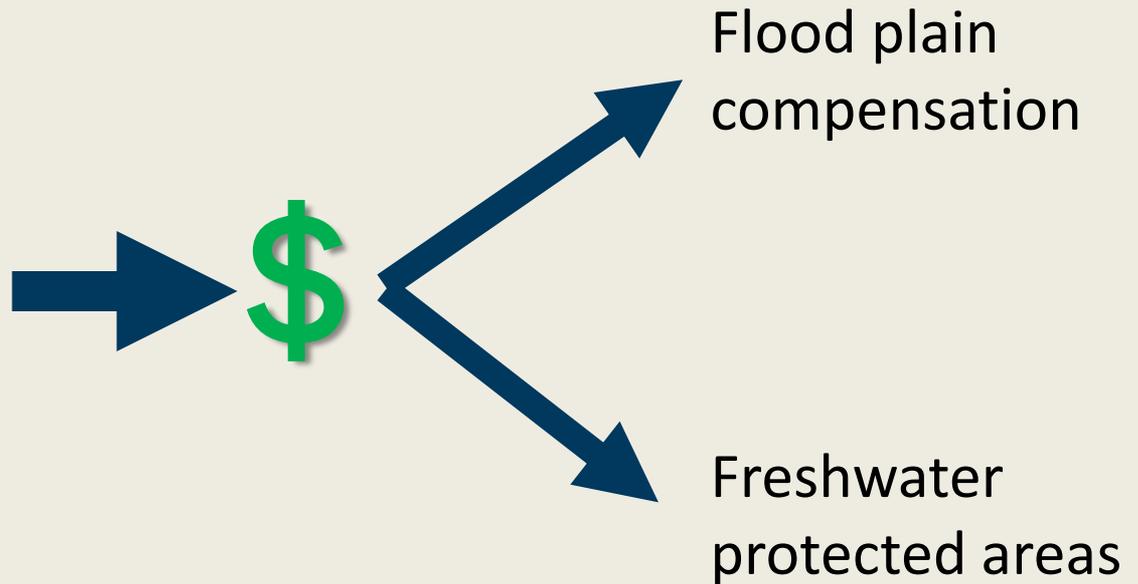

- Hydrological change
- Lost of habitat
- Flood
- Hydrological change
- Lost of habitat
- Water pollution
- Drinking water
- Flood and waterlogging

Hydropower Sustainability Fund

Aiming e-flow practice, but result as a great idea

Lower Jinsha River Cascade Dams

Water Security

People, drinking water, pollution and flooding

- Policy suggestions
- Site works
 - Water Fund
 - Land Trust

In the Future
